# INTRODUCTION

In presenting to you this catalog of high-class herd bulls, I do so with the profound conviction that I have reached the point in my breeding career when I realize the importance of a good herd bull. The years I have spent on the Pleasant Valley Stock Farm have been devoted to the building up of what many noted critics are good enough to say is one of the best herds of Shorthorns in America.

My first thought in building up this herd was that the herd bull must first be a good individual; that this individuality must be backed up by good reliable blood lines, coming from noted ancestors; the long line of noted ancestors must come from the strains of blood that the best breeders in the United States had confidence in—confidence that had been gained and held by this particular strain of blood that had continuously through a succession of generations produced these meritorious animals that in turn had the ability to reproduce themselves, and when properly mated, that it was possible for them to gain a still higher point of excellence.

I have always known and appreciated that the sire of a herd bull should be one of world-wide fame; also, that the dam should be a noted cow.

Even after I had decided these vital points I yet realized that one of the most important features was yet to follow—and that was to be able to select a bull that had the appearance that makes it certain in my mind that he would be a producer of high-class cattle.

I appreciate the fact that all these things are hard to find in one bull, and even after finding that he possessed all these qualifications there was a chance of meeting with the disappointment that the breeder who owned him would not want to dispose of the animal.

There are but few breeders who do not realize the importance of a sire, for they have estimated his value time and again by computing the excess value that would be placed on one crop of calves from their good herd of cows, bred to one of the best bulls in the United States.

**Fair Acres Sultan** proved a valuable asset to the Pleasant Valley Stock Farm. His valuable son's that are now heading the prominent herds of the United States and South America are proving themselves great sires. The winning of Fair Acres Sultan's get has attracted no little attention amongst the best breeders in the United States, Scotland, Canada and South America.

Walter L. Miller in a signed article in the Breeders' Gazette of August 15, 1918 in speaking of the son's of Fair Acres Sultan, the \$8,100 Rosewood Reserve; \$7,500 Fair Beauty, \$13,200 Max Acres Sultan and \$17,500 Fair Sultan had the following to say:

## INTRODUCTION—(CONTINUED)

### "AN ACHIEVEMENT WITHOUT PARALLEL IN THE ANNALS OF LATTER DAY SHORTHORNS IN AMERICA

"Add to these the more silent tribute of his progeny which have gone forward during the long period of usefulness in the herds of J. A. Kilgore, Bellows Brothers, E. Ogden & Son and H. C. Lookabaugh. prior to the present era, recall the numerous show arenas in which his get commanded sweeping distinction, and include the array of ultra-desirable descendants left on the Pleasant Valley Stock Farm, and to him belongs the undeniable right to rank among the great breeding bulls of all time.

"It was in the Herd of H. C. Lookabaugh, Watonga, Okla., that he spent the latter years of his life. His blood has thoroughly permeated the herd, which now contains a rare collection of his get that are characteristic "Fair Acres Sultans" in all the qualifications for which he has been noted. In view of the insatiable demand for herd bull material a synopsis of the particularly promising sons now under development on this establishment will be found interesting.

"With the presentation of these genuine herd bull prospects Mr. Lookabaugh feels that the goal toward which he has been persistently working has been approached. His ambition has been to produce bulls that in breeding, conformation and inherent potency were entitled to use by front rank breeders. His contribution toward breed advancement has been generous, his work in the Southwest has been fruitful, but previous visits to the herd have failed to reveal so much richness in herd bull material as can now be seen in these young sons of Fair Acres Sultan."

Realizing the importance of retaining some of this Fair Acres Sultan blood in the Southwest and because I catch a vision of the work that could be accomplished in the years to come in the Shorthorn fraternity, I am anxious to place at the head of a number of these good herd's a son of this noted sire. I believe that this blood will be in greater demand in the years to come than it is today. I have confidence in its ability to reproduce, because it has successfully demonstrated that it will do so.

I feel safe in saying to you, fully realizing the importance of the statement, that if you will pay me a visit and do not find the bull that will suit your requirements, I will pay your way home.

I will do more than that. If you will come. and after we have talked over your condition the number and kind of cows you have, and I know of any other bull in the United States that can be bought, that would better suit your requirements, I will tell you where you can find him.

I do not want to impress you that I think I have the only, or the best herd bull material in the United States, but I do want to impress you with the importance of a great sire and I do tell you that I have confidence in the bull's herein cataloged.

H. C. LOOKABAUGH.

### TWIN BULLS

Fair Acres Sultan 354154

Snowbird's Sultan 354160

"Twin bulls have been potent factors in notable Shorthorn breeding. notable instances of which were Village Beau, sire of Imp, Villager, and the noted bull Radium. But the use of twin sires in the same herd remained for H. C. Lookabaugh to show the world, a masterful stroke, unique, unparalleled and never before attempted by a breeder. Fair Acres Sultan and Snowbird's Sultan exemplify that principle in the law of breeding that prepotency is inherent and is decendent from sire to son. Whitehall Sultan sired many great bulls, but no other sire got a pair of sons that are comparable to Fair Acres Sultan and Snowbird's Sultan, the twin bulls out of Snowbird, the daughter of Nonpariel Stamp and Imported Pitlivie. The death of Fair Acres Sultan, at Pleasant Valley Stock Farm, was accepted as a distinct loss to the Shorthorn breed, though, fortunately, not an irreparable loss for, with the initiative characteristic of the man, H. C. Lookabaugh, decided on Snowbird's Sultan as the proper and the logical selection to install and fill the vacancy and lead the herd. Fair Acres Sultan was a massive bull, combining scale, depth, thickness and substance and masculine character. Snowbird's Sultan possesses like scale, depth, thickness and substance and masculine character with evenness and quality equal and, in some points, superior to his illustrious twin brother. With the discernment of a genius and the judgment of a master breeder, herd bulls have been picked for service at Pleasant Valley Stock Farm. There is Avondale's Choice, the thick, massive son of the great Avondale and there is Watonga Searchlight of captivating type; and here in reserve, are two of the sons of Fair Acres Sultan, namely, Second Fair Acres Sultan, the fac-simile of the celebrated grand sire, Whitehall Sultan and Fair Acres Sultan, Jr., a calf of rare individuality; and here, too, are Pleasant Dale 4th, and Pleasant Dale's Choice, sons of Avondale's Choice. It is beyond the province of this sketch to enter details on the breeding herd of Pleasant Valley Stock Farm, the largest registered herd in number, perhaps, in the country, nor to dwell on the extensive trade in Shorthorns and distribution of cattle from this great breeding establishment. The mingling and concentration of the blood of tried and proven sires has been a policy of the world's successful breeders. May we not rightly conclude that in the light of a new story on advanced farming and improved stock breeding in the West and Southwest, in the chapter on constructive cattle breeding will appear a page on which will be written, indelibly the name of the master of Pleasant Valley Stock Farm, H. C. Lookabaugh, at Watonga, Oklahoma, the successful breeder whose distinguished service to Shorthorn history includes the use of the great white twin bulls, Fair Acres Sultan and Snowbird's Sultan."—G. W. Berry, in Iowa Homestead.

**Fair Acres Sultan 354154**—Sire. Whitehall Sultan, the greatest Shorthorn Bull ever used in America. Dam, Snowbird. She won first as Junior Yearling, Junior Champion and Grand Champion at 1908 American Royal. Snowbird is a full sister to Snow Flake, the Sire of Ringmaster three times Grand Champion at the International at Chicago. Fair Acres Sultan was first prize age bull and Senior Champion at the Illinois State Fair, 1913. He sired the first prize calf herd—Junior and Grand Champion Female's at the same show. In 1914 his get stood undefeated at many shows and created a great sensation. At the 1917 International, Chicago, his get won first and Champion Futurity Calf. He is the Sire of: The \$8,100 Roewood Reserve, the \$7,500 Fair Beauty, the \$13,200 Max Acres Sultan and the \$17,500 Fair Sultan, the \$6,000 Lookatonga Sultan and \$4,100 Pleasant Avenue.

**Snowbird's Sultan 354160**.—Twin brother of Fair Acres Sultan, said by Geo. Martin of the Breeder's Gazette to be one of the best breeding bulls of the breed. A. J. Kilgore of Sterling, Illinois, who is more familiar with Snowbird's Sultan than possibly any other breeder says—"He is a better breeder than his twin brother." As yearlings the choice of these twin bulls were offered at Mr. Kilgore's sale, Snowbird's Sultan was selected as first choice. In 1917 one of his sons sold for \$1,600 at the Shorthorn Congress at Chicago, Ill. At my sale in May, 1918 one of his sons sold for \$2,750. It is from the use of Snowbird's Sultan, with the blood of Fair Acres Sultan that has already permeated the herd, and which has already demonstrated its ability to the world, that I expect my greatest results.

**Watonga Searchlight** is a bull that hardly needs any recommendation to the breeders of the Southwest. He is just the same type as his sire, and his dam is one of the best producing cows on our farm. She being out of Lancaster Bud, the Grand Champion female at the World's Fair at Seattle, Washington. He is an exceptionally good sire. The young bull, Pleasant Dale 3d, that sold for \$2500.00, is by him. A number of his get are in evidence in this catalog and you can see for yourself how he transmits that wonderful quality which so distinguishes his family, but when you study his pedigree you can hardly expect anything else, as all of his sires, on his sire's side, have been persistent winners in the show ring. He was grand champion at Hutchinson, Kansas, and the Oklahoma State Fair in 1914, of the Texas State at Dallas, in 1915, and of the Colorado State Fair at Pueblo, 1916, and the 1916 Utah and Louisiana State Fair's.
